

Steps to Joining the ENON Worship Team

Thank you for your interest in using your musical talents to uplift the name of Jesus. Please read the information below and I look forward to speaking with you.

*Sabrina Newton
Worship Pastor*

1. **Fill out an application** - The Worship Team application covers general information about your musical experience and your personal walk with Christ that will help us get to know you better. You can find the application at enonchurch.org/praiseteam
2. **Set up an interview** - After you fill out the application, you will receive a copy of the Worship Team Mission and Strategy. Upon reading, you will be asked to set up an interview with the Worship Pastor. The interview will give you an opportunity to ask questions and discuss the mission and your application (music experience, testimony, etc.) in more detail.
3. **Attend a rehearsal** – Rehearsals are Thursday nights from 6:00-7:15 p.m. It is our hope that this would give you more insight into all of the preparation and elements that go into practicing and preparing for weekend services. Contact Sabrina Newton to schedule to attend by sending an email sabrinanewton08@gmail.com.
4. **Audition** - After attending a rehearsal, you will set up a time to audition. You will be given songs to prepare prior to the audition and will be required to play and/or sing using in-ear monitors and click/metronome.

After completion of these steps and provided that you and I feel like you are ready, you will be added to the rotation. After your 3rd time serving on a weekend, I will follow up with you to offer feedback and see how you are doing. At this point, it will be determined if worship team is a good fit for you long-term.
